Job Summary

- Under the direction of the Director of Pharmacy, this position works within legal and ethical guidelines to ensure the correct and safe supply of medical products to the general public. The Pharmacist will be involved in maintaining and improving people's health by providing advice and information, and supplying prescription medicines. The Pharmacist will sell over-the-counter medical products and instruct clients on the use of medicines and medical appliances.
- The Pharmacist must exhibit an awareness and understanding of positive ethical and moral principles consistent with the mission, vision and values of Bigfork Valley.
- Reviews orders issued by Physician, or other authorized prescriber to assure accuracy and determine formulas and ingredients needed.
- Complies with State and Federal Drug Laws as regulated by the State Board of Pharmacy, the Drug Enforcement Administration, and the Food and Drug Administration maintaining records for controlled substances; removing outdated and damaged drugs from the pharmacy inventory; studying existing and new legislation, anticipating legislation and advising management on needed actions.
- Directs and supervises pharmacy staff engaged in mixing, packaging, and labeling pharmaceuticals.
- Answers questions and provides information to patients and facility staff on drug interactions, side effects, dosage and storage of pharmaceuticals.
- Maintains established procedures concerning quality assurance, security of controlled substances, and disposal of hazardous waste drugs, safety and infection control.
- Enters data such as patient name, prescribed medication and cost, to maintain pharmacy files, charge system, and inventory.
- Verify medications' identity, purity, and strength.
- Instructs medical personnel on matters pertaining to pharmacy.
- Contributes to team efforts and maintains a positive attitude toward clients and staff.
- Arranging the delivery of prescription medicines to patients.
- Keeping up to date with current pharmacy practice, new drugs and the uses.
- Pharmacist-on-duty supervises pharmacy technicians and clerk in the absence of the Pharmacist-in-Charge (PIC) in accordance with federal and state pharmacy regulations.
- All other duties as assigned.
